## ABOUT US

Quiet Manor Assisted Living Facility has the advantage of being owner managed - we are entirely hands on. Many of our competitors are franchises and provide a cookie-cutter approach. The owners of Quiet Manor have years of experience - both personal and professional - that contribute greatly to our residents experience. Our company president is a Certified Aid and has experience providing all levels of care at an affordable price. Another advantage is that Quiet Manor has a Registered Nurse (RN) conduct all intake assessments and monthly reviews of each resident. Affordability and family financial stability is a major advantage of Quiet Manor.

## WE ARE WELCOMING NEW RESIDENTS DURING COVID-19.

Quiet Manor is conducting in-person tours during COVID-19 for those who meet our safety parameters. One-on-one tours with professional staff are conducted on an appointment-only basis. Quiet Manor strictly adheres to the Centers for Disease Control and Prevention (CDC) and local government guidelines. We take a proactive and pragmatic approach to virus and infection control.

### ACTIONS BEING TAKEN INCLUDE:

- Coordinate frequent enhanced cleaning procedures.
- Conduct regular staff training on best practices and virus education.
- Maintain supply of necessary personal protective equipment (PPE).
- Universal testing regiment for all residents and staff to insure that we identify symptomatic cases early and act accordingly to prevent spread.

Maintaining the health and wellness of residents, staff and visitors to prevent the introduction and spreading of COVID-19 is our utmost priority. For information about admission and in-person tours please call.
